# W E B
# Hosting

Sioure Technologies has offered companies web hosting services since 1998. We provide high-quality internet hosting solutions for small, medium and large businesses, government agencies, entrepreneurial individuals and non-profit organizations worldwide.

Our data center is connected to multiple major backbone providers via multiple Gig-E, OC3 and DS-3 lines. The facility is connected to network carriers such as AT&T, Level3, Williams, YIPES (Level 3 and Genuity), and Global Crossing assuring continual efficacious reliable hosting, monitoring and support.

# Features OF OUR Data Centers
